Other securities: no movements modeled during this period. Opening balances equal closing balances: Reliance 8, HDFC Bank 20, ITC 30, Larsen and Toubro 5.

C. Important statement information

1. Holdings date, not generation date, identifies the portfolio snapshot.
2. This account does not represent all possible accounts of the investor.
3. Transaction cash amounts, purchase costs, market values and profit/loss are not supplied.
4. A zero pledged or locked-in balance is a component of the total balance, not a separate holding.
5. All identities, quantities and transactions are fictional. Security names and ISINs match the development dataset supplied in this project.

Testing scope

This text-based PDF tests account grouping, ISIN resolution, closing-balance extraction, and separation of holdings from transactions. It is not evidence of support for real broker or depository formats, scanned documents, or encrypted PDFs.
